TELECOMMUNICATIONS(ITEI)
High School Diploma

PERSONAL PROFILE

As a skilled **Full Stack Developer** and Blockchain Specialist with a background in earning a Bachelor's degree in Computer Engineering,Iam currently pursuing further expertise in **Cybersecurity at MTUCI**. Proficient in Python, Git, Bash, and experienced in Linux administration, CCNA, Microsoft 365, AWS, Natural Language Processing (NLP), and Artificial Intelligence (AI) engineering, my focus lies in the dynamic realm of software developmen. Passionate about contributing to innovative projects, my academic foundation in Computer Engineering and ongoing studies in Cybersecurity equip me with a holistic understanding of technology. As a 22-year-old professional, Iam dedicated to staying ahead of the curve in software development and applying my knowledge to create secure and cutting-edge solutions.

WORK EXPERIENCE

- NETWORKING & FRONT-END | 2021 - 2023**
MULTIPLA- IPWORLD
 - Acquired and enhanced skills in Networking and Front-end technologies during the period 2021 to 2023.
 - Focused on networking practices and protocols, gaining hands-on experience in configuring and administering networks.
 - Developed proficiency in Front-end technologies, including HTML, CSS, and JavaScript, with a goal to create intuitive and visually appealing user interfaces.
 - Demonstrated a commitment to continuous learning and practical application of acquired knowledge.
- SOFTWARE CONSULTANT AND DEVELOPER | 2022 - 2023**
CB&B Transportadora
 - Played a pivotal role as a Software Consultant and Developer at CB&B Transportadora.
 - Collaborated closely with CB&B Transportadora's team to comprehend operational needs, tailoring software solutions to optimize logistics.
 - Designed and implemented software applications aligned with industry standards, ensuring seamless integration into CB&B Transportadora's workflow.
- FREELANCE DEVELOPER | 2023 - PRESENT**
Nvidia Partner
 - Collaborate with clients to understand their specific software needs and provide tailored solutions.
 - Take on various projects in the field of software development, providing expertise and innovative solutions to different clients. I work independently.
 - Demonstrated versatility in utilizing various programming languages, frameworks, and development methodologies to create robust and scalable software solutions.
